## Specification Sheet: SPG4062

**Product:** Butyl Rubber

**Trade Name:** BU 60

**Description:** *A high grade synthetic rubber meeting the requirements of BS 3227.*

**Service:** *Suitable for use where a good chemical and acid resistant rubber is required. It also has good ozone and abrasion resistance. It has low gas and moisture permeability.*

**Operating Temperatures:** -30°C to +120°C

**Physical Properties:**

<b>Hardness:</b>	60°+/-5 shore
<b>Density:</b>	1.2 gms/cm <sup>3</sup>
<b>Tensile Strength:</b>	10.3MPa (1500 PSI)
<b>Elongation at Break:</b>	500%

*Figures shown in this data sheet are typical values. The above information is supplied in good faith but no liability is accepted by SPG Ltd. The data sheet does not act as a warranty and the end user should satisfy themselves of its suitability of the product for its intended use.*
